

Security Policy

Scoot the Valley is committed to Safe and Secure Online Shopping.

Scoot the Valley takes its responsibilities and obligations to protect the personal information of its customers very seriously. Comprehensive security measures have been carefully implemented to provide a safe and secure shopping environment for its customers.

When you register your personal details to place your booking, Scoot the Valley uses SSL technology to secure your details online.

Comprehensive security measures and access controls are in place to protect customer information collected and stored on our servers and systems, and ensure that these details are only accessible by authorised personnel for authorised reasons.

We make no warranty in respect to the strength or effectiveness of that encryption and accept no responsibility for events arising from unauthorised access of the information you provide.
